## **Summary Special Session Senate Bill 25, P.N. 16**

**Prime Sponsor: Senator Waugh**

### **Overview**

Amends the Alternative Energy Portfolio Standards Act.

- Removes\* the following category from Tier II alternative energy sources:  
  
“Generation of electricity utilizing by-products of the pulping process and wood manufacturing process, including bark, wood chips, sawdust and lignin in spent pulping liquors.”  
  
\* Removal of category ensures that such generation would be categorized as a Tier 1 alternative energy source

### **Effective Date**

This act shall be effective in 60 days.
